McCormick Tedders, Hay Loaders, Myers Hay Carriers, Grapple and Double Harpoon Forks, &c.

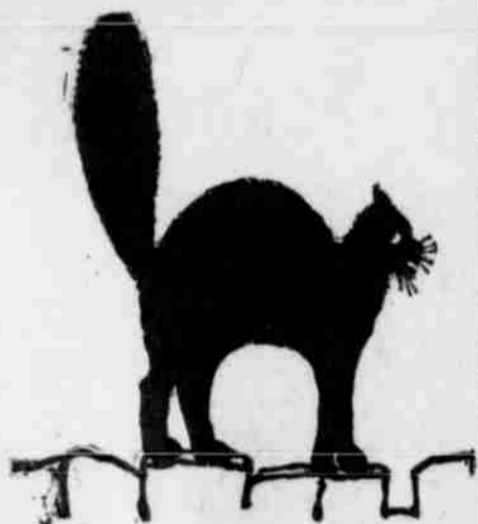

Come and let us show you the superiority of these lines, over other makes used for the same purpose, and wherein it will be a money saving proposition to you.

KITTY MEWS

Curtiss Not Seigle.

Manager Schwartz has sold Outfielder Gene Curtiss to Clarksville in the Kitty League and the big ball player will manage that team this year instead of Johnny Seigle, who refused to report, getting better pay elsewhere. Curtiss is in town today and will remain here until the Clarksville boys report here next week.

It was first planned for the Clarksville recruits to report at the Dell and work out in the mornings, but it is found that they will be in the way of the Volunteers and another training ground will be gotten. If an agreement can be reached with the Vanderbilt authorities to allow the youngsters to practice each morning on Dudley Field, the team will work out there.

Curtiss has a fine baseball record behind him in the minor leagues, but found Class A ball a little too high for him this season. As a manager with Clarksville he ought to make a big success, being popular with men and having the ability to lead a great degree.—Nashville Banner.

Schedule Adopted.

The officials of the K. I. T. League

met in Cairo Sunday with all teams represented except McLeansboro, whose representative missed his train. The schedule as adopted calls for 126 games in two halves of 63 each. The opening games are May 17 and Hopkinsville opens with Clarksville on the home grounds. The opening games in all towns are pooled and each team takes one-eighth. The 4th of July games are split between Hopkinsville and Clarksville as usual. Hopkinsville gets the morning game this year.

The schedule provides for not more than 12 consecutive games on the local grounds. This occurs twice during the season. The schedule is to be given out to-morrow for simultaneous publication in all the towns.

The Moguls did not play Owensboro Saturday and Sunday, on account of the rainy weather, but the team came in Sunday afternoon and devoted the day yesterday to settling upon their boarding houses. The Park was left in bad condition by the fresh grading and the rain caught the work unfinished. It will take several days to get the grounds in good shape. It has been definitely decided to extend the grand stand about 50 feet to the east, to the old gate. This work will be started this week.

Harry Eichler has disappointed Cairo as manager and the Egyptians are on the lookout for a manager who will come to time.

Secretary Abernathy was out of town yesterday, being a witness in a case at Owensboro.

Leslie P'Pool has returned to Chattanooga, Tenn., after a short visit to his parents, Mr. and Mrs. W. A. P'Pool.

AMUSEMENTS

The Artistic Apache Dance. With Harry Bulger in "The Flirting Princess," at Opera House, Friday May 5.

Mort H. Singer is presenting Harry Bulger in "The Flirting Princess," which comes to Holland's Opera House Friday night, May 5, ran the entire season in Chicago. It was produced by Mr. Singer in October last and during its Chicago engagement broke every attendance record that had been made in that city. One by one the attractions which played at other theatres in opposition to it had to withdraw until it and its sister attraction, "The Goddess of Liberty," became the pioneers of the season. "The Goddess of Liberty," at length went on the road, with the season's record of 325 performances. But even

this has now been discounted by "The Flirting Princess," which left with a seven months' record of 340 performances.

JUDGE O'REAR OPENED
His Campaign for Governor
Here Yesterday.

Judge E. C. O'Rear, Republican candidate for Governor, opened his campaign yesterday in a speech at the court house. A large crowd heard him and interest centered in his discussion of lawlessness. On this subject he said he was opposed to night riders and all forms of lawlessness and believed those guilty of any kind of lawlessness should be punished, but at the same time he was in favor of removing the causes that produced lawlessness. On the whole his speech made a good impression, although the Republican leaders here are nearly all for Franks.

Joe Taylor, col., was brought in Sunday evening by Deputy G. Boxley and placed in jail, charged with cutting Charlie Haydon, another negro. The arrest was made by Marshal R. E. Long, of Crofton. The negroes are employed by the Mason & Hanger Construction Co. and the trouble occurred near Crofton Sunday morning. Haydon was cut in three places, one of the gashes being on the neck, the blade the knife barely missing the jugular vein.

It was reported yesterday that Haydon had died of his injuries early in the morning, but this proved to be untrue. At last account the injured negro was getting along as well as could be expected and will likely recover. Taylor's sentencing trial was set for yesterday evening before Judge Knight.
